

Chef Sue Snape

**Murdock Elementary
FAST Class**

Mondays, 10 classes

Session 1: from 2:30 - 3:30

Session 2: from 3:45 - 4:45

Description We will experiment, taste, smell, assemble, cut, cook and play with food. We will also learn about healthy eating habits, food appreciation (health benefits, availability and beauty), we will incorporate math+science+art, kitchen safety, sanitation and lots more! Food will be Vegan/Vegetarian.

Testimonial I wanted to let you know that my daughter LOVES your class and she is learning so much about food. After every class, she excitedly tells me the things that she did in class and I love that she is having fun learning. In addition, she is happily trying new foods and bringing home an assortment of food that she made in class. She is very proud of the food she makes in class. I also really like the class because it is educating her about food and expanding her tastes. Thanks so much for everything you are teaching my daughter!

- Mom of 2nd Grader at Tritt Elementary

Class Fee \$250 per student.

Ten classes. Includes all supplies and take home goodies.

Registration Form online registration and online payment only
